

Cultural Activities

15/02/2010 21:16 by spncon

Educational programmes like Seminars, Workshops, Exhibitions, health awareness programmes and medical camps are arranged. Students actively participate in these programmes under the guidance of faculty.

Students are encouraged to visit old age homes and vocational rehabilitation centre etc. to study the needs and care of geriatric patients and physically challenged people.

Facilities for extra curricular and self-enhancement programmes are provided. Students organize social events and various culture activities in and outside the school.
